Maximizing Value, Delivering Success

## Summit Capital Advises Portable Electric on Strategic Investment by Atraxis Capital

- Summit Capital is pleased to announce that Portable Electric received a strategic investment from Atraxis Capital.
- Portable Electric designs, manufactures and distributes innovative, portable and mobile battery powered generator systems enabling customers across numerous industries to access reliable, clean and sustainable power. The strategic investment will support Portable Electric's continued market expansion and innovative product development roadmap as demand for reliable and clean energy solutions accelerates.
- Atraxis Capital is an independently operated investment company that manages capital across public equities, private equity, and real estate.
- Summit Capital acted as exclusive financial advisor to Portable Electric on the Transaction.
